WORK EXPERIENCE

Music Reports, Inc.   **Woodland Hills, CA**
Web Developer   *02/2020 - Present*
- Assisted in building the latest version and assigned as 'go to' developer to debug and fix tickets for one of our flagship sites Cuetrak, used by Netflix and other companies to manage their music rights
- Maximized user efficiency by researching and implementing Okta for user authentication on our applications, using JWTs and PHP Sessions to allow user to only log in once for all applications accessible to them
- Improved our teams' use of React by adding React Context and React Router to our new applications
- Worked with back-end programmer to securely fetch data from internal APIs for our application used by Spotify
- Wrote PHP classes and functions to receive data from front-end and call PSQL functions to access servers
- Used AWS tools such as API Gateway, Lambda, Dynamo DB, Cognito and S3 to develop external applications
- Developed PHP sites for clients such as Pandora, iTunes, Peloton, Equinox, Amazon Music etc.

EcoBids Platform, Inc.   **Los Angeles, CA**
Vice-President & Lead Concept Developer   *06/2021 - Present*
- Developed web application with React, making use of Recharts library and reactstrap to easily display data
- Fetched news articles from New York Times API to display latest stories on Global Warming
- Designed site with SCSS to encapsulate styles by page, SCSS functions and variables helped make styles dynamic and robust while providing user with a crisp UI
- Deployed application on an AWS EC2 instance using Ubuntu with an Apache web server
- Managed and organized company goals and timelines, with Trello boards and weekly meetings

Owl&Third   **Los Angeles, CA**
Web Developer   *11/2019 - 12/2020*
- Collaborated with Senior Developer and Team Lead to ensure technical feasibility of design proposals and reviewed commits to ensure changes did not impair dev/master branches and merged pull requests afterwards
- Implemented JavaScript library Scrollmagic with GSAP library to create an animated interactive UX
- Utilized agile methodology to develop and revamp HTML and CSS to create robust website and maintain a consistent user interface

EDUCATION

California State University, Northridge   **Northridge, CA**
Major: BA in Economics, Minor: Finance   *05/2017*
- Graduated in top ten of class
- Dean's list

LearningFuze   **Irvine, CA**
Accelerated Web Development Program   *09/2019*
- Full Stack Web Development
- Over 800 total hours of programming
